HOUSEHOLD

CAAD

**We are expert consultants
in the design of suitable
commercial spaces.**

We are a multidisciplinary team offering a comprehensive service in retail design. We are there every step of the manufacturing cycle, from raw materials to the installation of structures and display stands.

From concept to reality.

The combination of structural elements and accessories allows to create modular compositions, that use at the maximum extent the display potential in household sector.

The use of sought-after colours and of quality materials gives the final touch to a product's series of great intrinsic value.

GIBAM composit

Practical and modular slat panels

Communication element's supports to enhance the graphics

Elegant and minimalistic glass shelves

The wide variety of finishes and colours allows the creation of aesthetically perfect compositions in every situation

The dividers confer rhythm and order to the display
